SIDE MOUNT TANK SYSTEMS

WITH YOUR BIG JOHN SYSTEM YOU HAVE . . .

- Capacity
- Excellent Weight Distribution
- Visibility

Now your tractor can be used on all of your spraying applications, such as 3-pt. systems, tillage systems, and planting systems.

- 500 to 1000 gallon capacity.
- Heavy-duty polyethylene tanks with UV inhibitors for years of trouble-free service.
- Sump area for complete drainage.
- Heavy duty welded steel carriers, custom built for your tractor frame.
- Quick on/off with rollaway jack stands.
- Tank system includes two tanks, saddles, straps, mounting brackets and complete plumbing to fit your needs.
- Three year tank & frame warranty.
- Designed to fit most brands of tractors, Case-IH, John Deere, Caterpillar and New Holland. Will fit most new and old series tractors.
- Contact a sales rep for details.
