2600 Gallon Field Boss Pull-Type Sprayer

QUALITY - Heavy duty frame that will withstand the twists and turns of hills, terraces and washouts. The unit has a 2-point hookup to accept the increased tongue weight with drop stand jacks. 2600 gallon poly tank with molded in markings. Multi hydraulic valve bank allows for seven function boom system but only requires one tractor outlet. Total boom suspension. All boom functions are cushioned for extended boom life. Dual parallel lift arms for boom height control 20" to 60", twin cross axle for better load balance, cross pivoting dual wheels, 13.6x38 tires make for a smooth ride over the roughest ground. The enhanced ride provides for a more uniform spray application. Dual pumping system facilitates less foaming problems and a complete and easy tank clean out. Raven Automatic spray controller. Motorized boom valves allow easy on/off of each boom section as you start, finish a field, work over terraces and point rows. The Field Boss is built to withstand the rigorous use of today's no-till farming. Perfectly matched Performance, Durability and Price.

PERFORMANCE -

Reduced labor cost
State of the art 90', five section boom, triple nozzle boom
Radial tires and duals for compaction control
Excellent return on investment

Reduced down time

OPTIONAL -

- chemical inductor
- foam marker
